 Texas Water Development Board: Utilizing BLE Mapping Efforts to provide Mitigation Planning Statewide

“Participation in the CTP program allows Colorado to leverage state funding to provide an immeasurable benefit to the citizens of Colorado in the form of improved outreach, closer relationships, increased understanding of local conditions and circumstances that may affect floodplain mapping and other aspects of flood hazard reduction.”

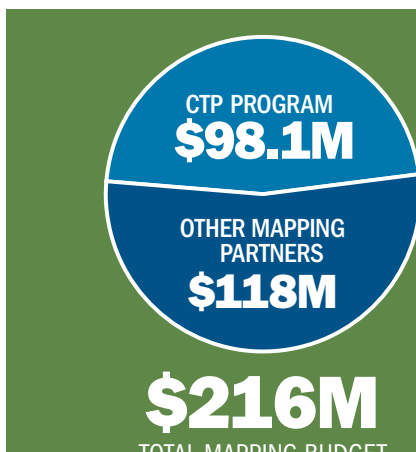

— Colorado Water Conservation Board  
 6<sup>TH</sup> ANNUAL RECOGNITION PROGRAM WINNER

In **FY22**, CTPs provided data, in-kind services and cash that stretched FEMA’s project funding by over **\$7.7M**.

These **VOLUNTARY** contributions have totaled

**+\$190.3M**  
 SINCE FY14

#### NEW INVESTMENT

**\$77.9M**

FLOOD RISK PROJECTS  
 Hazard identification and risk assessment

**\$6.8M**

PROGRAM MANAGEMENT  
 Manage multiple projects and conduct trainings

**\$8.8M**

COMMUNITY OUTREACH & MITIGATION STRATEGIES  
 Enhance communication and provide mitigation support

**\$2.3M**

SPECIAL PROJECTS  
 Support national program objectives

**\$2.3M**

LETTER OF MAP REVISION REVIEW  
 Evaluate conditional and final map revision requests

#### FY22 BY THE NUMBERS

**120+**

OPPORTUNITIES FOR PROGRAM INPUT FROM **3500+** CTP STAKEHOLDERS

**40K+** MILES

of stream study started

**307**

CTP COMMUNITIES received Preliminary Flood Insurance Rate Maps

**60K+** MILES

of base level engineering planned

**204**

LETTERS OF MAP CHANGE

PROCESSED BY **9** PARTNERS

The CTP Program enhances partnerships between the Federal Emergency Management Agency (FEMA) and eligible entities. FEMA teams up with these partners to deliver high-quality hazard identification, risk assessments and provide outreach support. This helps empower communities to bring more awareness and take action to reduce their risk through the latest data and resources.

#### CTP ALIGNMENT WITH FEMA PRIORITIES

##### FEMA STRATEGIC PLAN GOALS

**Instill Equity as a Foundation of Emergency Management**

**Lead Whole of Community in Climate Resilience**

**Promote and Sustain a Ready FEMA and Prepared Nation**

##### RISK MANAGEMENT STRATEGIC PLAN GOALS

Invest in strategic partnership networks that expand our reach to increase the Nation’s resiliency.

Translate knowledge into actionable resilience policies and practices.

Consult with communities to act on their present and emerging resilience opportunities.

##### CTP OPERATION PLAN GOALS

Better communication and guidance for improved program delivery to communities.

Equip communities with accessible solutions to meet their multi-hazard risk information needs.

Be the trusted source of comprehensive flood hazard and risk information.

Increased CTP Program knowledge to allow for more comprehensive data development and delivery.

CTP experience and knowledge has been integrated into FEMA program planning and execution.

Program innovations, efficiencies, and best practices to better serve communities.

Ensure quality data through enhanced program measures and metrics.

# FIRST PLACE RECIPIENT

**The National  
Wildlife Federation**  
NEW YORK

## 7th Annual Cooperating Technical Partners (CTP) Recognition Program

Recognizing outstanding efforts to identify hazards and increase risk awareness to help advance equity and inclusion.

### **The National Wildlife Federation**

is recognized for their Resilient Schools Consortium (RiSC):

**Connecting Schools to Frontline  
Coastal Communities**

Visit [www.RiSCNYC.org](http://www.RiSCNYC.org) and [www.NWF.org](http://www.NWF.org)

MAY 2023

### **Cooperating Technical Partners Program Mission**

The mission of the Cooperating Technical Partners Program is to strengthen the effectiveness of the National Flood Insurance Program and support the Federal Emergency Management Agency's mitigation objectives by leveraging partnerships to deliver high-quality hazard identification and risk assessment products, provide outreach support, and empower communities to take action to reduce risk based on informed multihazard based data and resources.

### **FEMA Strategic Plan**

The Strategic Plan positions the agency to respond to a changing landscape in which the emergency management community must embrace its expanding role. To meet this challenge, the Strategic Plan outlines three bold and ambitious goals. Emergency management is centered around people – those who work with FEMA and those who are served by the agency.

**GOAL 1:** Instill Equity as a Foundation of Emergency Management.

**GOAL 2:** Lead Whole of Community in Climate Resilience.

**GOAL 3:** Promote and Sustain a Ready FEMA and Prepared Nation.

**FEMA**
